

Accounting

Kelly Kissel

Submitted by Ben Reyes

I am privileged to write in support of my student, Kelly Kissel for Outstanding Student of the Year. Kelly studied in my Introduction to Accounting online course for the Spring 2021 semester. During this time I witnessed her tremendous growth and development, not only in the area of accounting, but in character as well.

Kelly is an outstanding accounting student. Her determination and humility made her very valuable to the class, as she enjoys learning and provides both direct and indirect support and guidance to her classmates.

Kelly manages her time well, works effectively, and recognizes the importance of a strong work ethic, persistence, and intellectual integrity. She has become a role model and made proud as her teacher.

Kelly's Words of Gratitude

I am honored to accept this award. The consideration was a pleasant surprise. Returning to college has been a rewarding experience. It was exciting to interact with such a dynamic class.

I would like to express my special thanks to my husband and Professor Reyes. My husband encouraged me to reenter collegiate academics and Professor Reyes has a great online curriculum. It is student friendly, engaging and motivating.

My whole experience was rewarding. I look forward to taking more courses and continuing my education with SBCC.
